My dear Sir.

Your estimate form of yesterday reached me today, and I am extremely obliged to you for it. I note here the statement as to the painting and capacity of the pictures, cut and upon the back of the frame. It is interesting to learn this so definitely at the time it was taken. When I am next in New York, I will pay a visit to the Hist. Society. & see an engraving or a corresponding number. I have forgotten which, and I shall do my best to spend the knowledge of the existence of such a collection of portraits.

The additions you have been making to the monumental of the Corcoran Building must be a great enjoyment. I congratulate you upon having completed the work satisfactorily. Mr Corcoran has certainly been a great public benefactor, and the Gallery must have had a very generous influence upon the taste of the Nation. Thus

must be a multitude of people whose only knowledge of Art has been derived from it, and who had never seen any pictures in their lives until they visited it. I sincerely hope his life may be prolonged many years in order he may not do his schemes. As I said in my last, some time I hope to see it again. must be dull to examine it all.

Believe me

With my kind regards and many thanks believe me to be always yours

Thos. R. Pyncheon.

Dear Sir. Your favor rec'd two or three days ago. I once more assure you of my full appreciation of your kindness in this matter and thank you for your consideration shown. Strange as it may seem that picture is wanted in two different places viz Chicago and Louisville so I think it will be best not to trespass further upon your

space and good nature but to give someone else a chance. I think I shall send it to Louisville (where it is to have a permanent home) as soon as you can return it to me. Do not hesitate to do this until comment to yourself as it does not have to go there until 1st of July. I should like to send you another some day. Can I? I can not do it at present for my pictures are all spoken for by the different Art Exhibitions and Galleries in different parts of the country - Another thing I think it would doubtless be better to wait until some time next winter, or any time you may suggest. My brother Lieut Com. Charles Clark (also of the U.S. Naval Advisory Board) visits me that the Exhibition is to be formally opened and commitee on selection of pictures will be in session for a week or so. I also expect my friend Charles Hopkins Howard to be in town for a few days and should like to have you meet them. Once more thanking you I remain Yours Sincerely

Dear Sir.

I enclose a list of the photographs sent to this College by request of Mr. F.B. McGuire. For these we are very grateful. Our collection would be enriched by a complete set of the pictures in the Corcoran Gallery, if that were available. Our means of exhibiting the treasures of foreign galleries are quite

Complete, but we are deficient in reproductions of the Contents of American Galleries, which have special interest for us.

I am obliged to you for your kind offer to supplement the previous gift from the Collection, and any further information you may require in order to carry out the intention of Mr McGuire will be readily furnished.

Very truly
Yours.
J. L. Caldwell.

Sir:

With this note I send a specimen of my work in landscape painting which I copied very hastily in order that I might get my application in today.

I came here from my home in Indiana for the purpose of studying art and would esteem it a great privilege to be permitted to copy some of the paintings in Corcoran Gallery.

I am not particular which one I copy first but would like very much to try Bierstadt's No. 90 in the catalogue — Hoping I may be granted the privilege I am
